You can not take this away from me.
I impose it upon you.
UNDECLINABLE!

This email is being directed for Dr. Jill Gover if she is still available at your agency.

I am currently a resident of San Bernardino. I have a very complex story and very involved here.

What has happened in all of my history here, should not be the result that transpired.

I have done nothing wrong to deserve such a state of where I must PROTEST this standard of care.

It is not right to have treated me this way.

i am seeking to understand all of the dimensions from this year 2022 looking backward.

What has been all of the obstacles that remain broken instead of receptive to have had a conversation. I am really hoping that my new attempt to interface HIV DOCTOR CARE

receives the detail to which he is responsible to take counsel upon me,

I am in no way ashamed or feel guilty of wrong for anything I have attempted to reach out for.

I think you all have taken out the situation and put place me to fend for myself -- a pack of wolves you all have been to.

I really am demanding an answer to this.

A DEMAND HAVE UNDECLINABLE status.

I have been detached from HIV Doctor care since March of 2019,

You all can't try to break me into pieces and think that is an ok way to have a client interface with me.

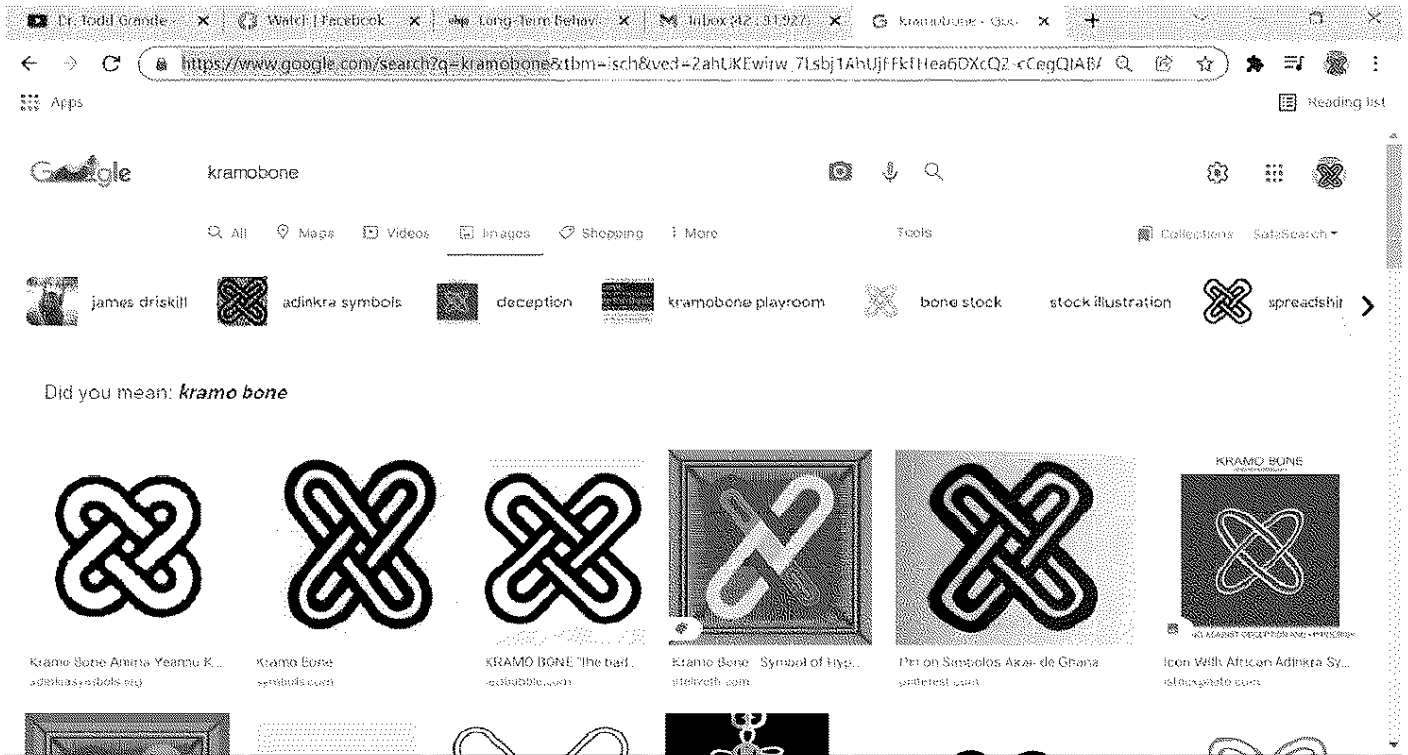

I know you have no idea what I am talking about. That is the point.

But what I am talking about is a part of the record that I hold of history.

It must be released and told.

Google images a single word [kramobone]

Here is that result page screen snapshot into your view.

Do you see that name [ james driskill]?

Do you see that thumbnail in [ adinkra symbols]?

Do you see that name [ kramobone playroom]?

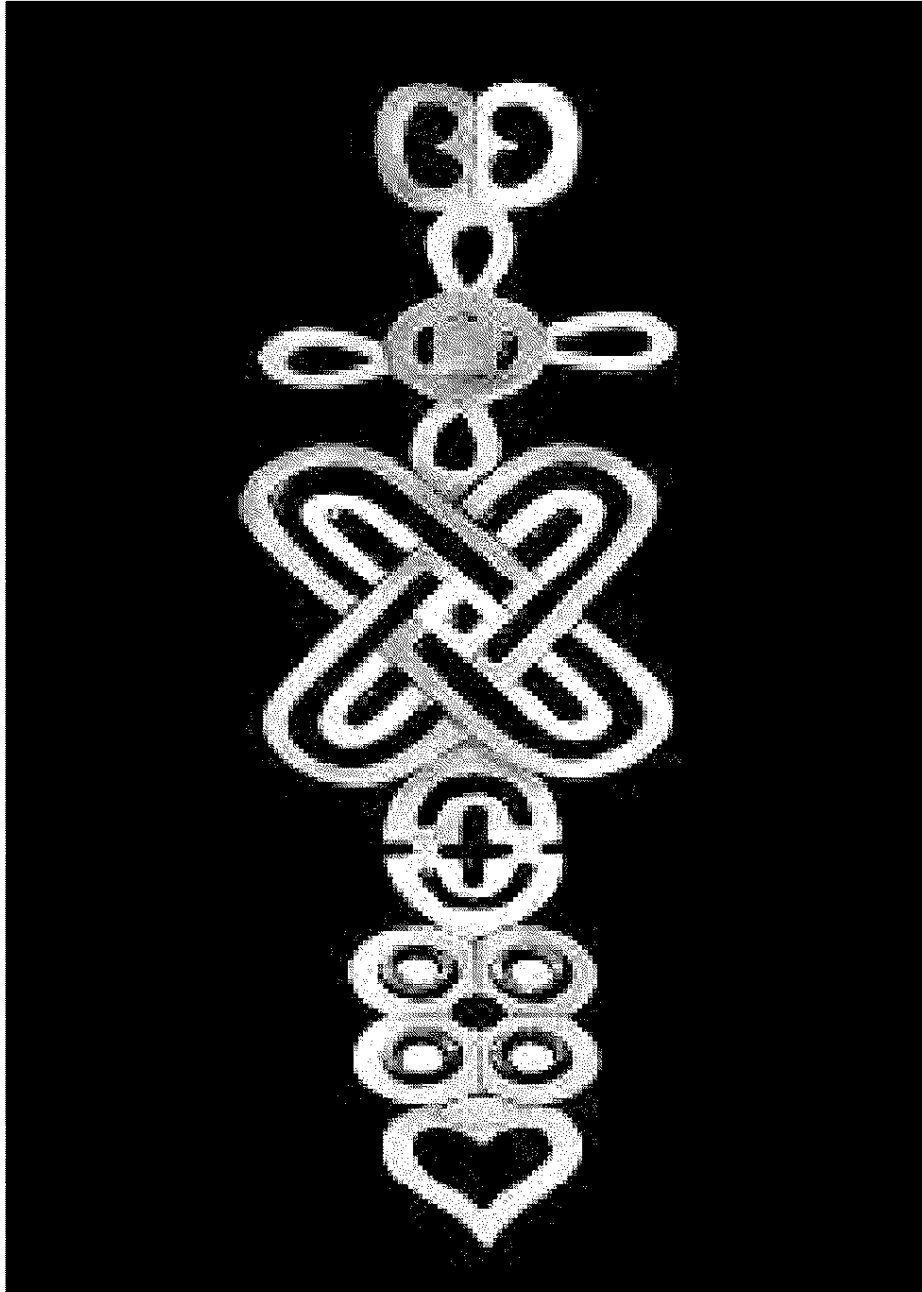

If you slide the tab to the right...

Do you see that name [ awesome kramobone]??

My project that the DENVER SOCIAL SERVICES of COLORADO HEALTH NETWORK ATTACKED -- AN 11 MONTH HATE AND HARASSMENT CAMPAIGN TARGETED AGAINST ME TO COLLAPSE MY TENANCY -- HAS NOT NULLIFIED MY EFFORT TO EXPOSE THIS HATE.

I really deserve to have a true honest conversation.

The thumbnail that is showing in the very last category -- still --- is stored in the effort I have brought forward the ideals that the kramobone should be praised instead of despised!

Can I Please Get The Attention of Dr. Jill Gover for her to RESPOND to my EMAIL Please.

I have my current doctor. I have not yet had a face to face with him.

You all have forsaken me -- that is for fucked up human sure!

The title of that video is very very very titled appropriately.

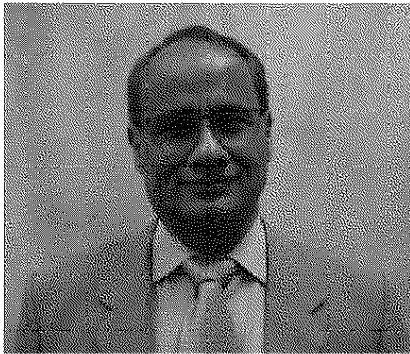

The title is: "I am going to die! A cold heart community will just let me die! [this includes history with DAP]/

I am demanding every aspect of what has been broken to be corrected and fixed -- like professionals should be of those interests. There is nothing that I am hiding from

I have nothing to be ashamed of -- to be embarrassed of -- I deserve a community to get their shit together

and really seriously apologize to my mother --- for all this broken --- my life ruined!

I take it you can SCAN the QR codes - and perhaps take in the view of something quite true.

Finally, an official fact check:

REUTERS FACT CHECK JANUARY 7, 2022 / 11:28 AM / UPDATED 9 DAYS AGO

Fact Check-No evidence of pandemic ‘mass formation psychosis’, say experts speaking to Reuters

By Reuters Fact Check

8 MIN READ

Applies to Gang stalking.....

"Mass Delusion/Paranoia/Psychosis Does Not Exist!

No official mental health journal/reference/textbook exists!

The phrase does not appear in the American Psychological Association (APA) Dictionary of Psychology (dictionary.apa.org/), (dictionary.apa.org/browse/ta) nor does it appear in the PsycNet database of published research articles ([here](https://psycnet.apa.org/)), ([here](https://psycnet.apa.org/)).

Numerous psychologists have also told Reuters that such a condition is not officially recognized.

"I have never heard of this concept," John Doury, Professor of Social Psychology and

"It seems to have been made up recently. There are similar-sounding concepts, like 'mass psychogenic illness,' ([here](https://www.ncbi.nlm.nih.gov/pmc/articles/PMC2708221/)) but the scope of these is relatively narrow compared to what is being proposed here."

"It has been totally discredited by contemporary work on groups and crowds."

Van Bavel, who said he found the idea of mass formation psychosis "reductionist", highlighted a different account of the role of psychology, groups and leadership in the rise of Nazism ([here](https://www.nature.com/articles/148001a)).

Director of Research and Knowledge Exchange at the University of Sussex, wrote in an email to Reuters.

Jay Van Bavel, Associate Professor of Psychology and Neural Science at New York University, said the term "doesn't exist as a real academic concept", adding: "I've been studying group identity and collective behaviour for nearly two decades and just published a book on the topic (www.powerofus.online/) and not once have I come across this term."

Naziism?
FUCK YOU ALL HATERS!

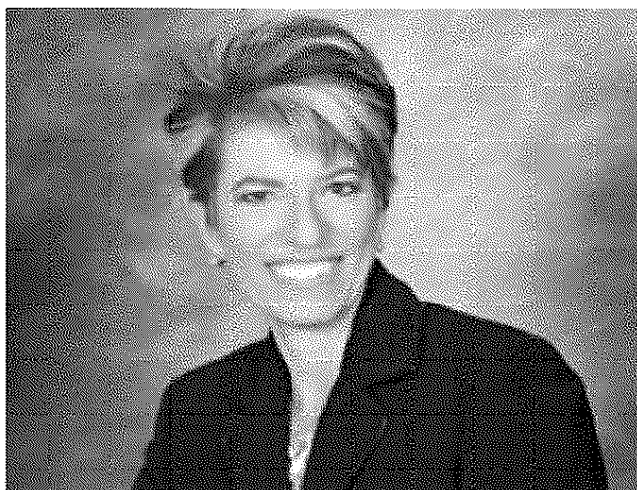

Supporting Or Believing Gang Stalking As A Mass Delusion/Paranoia is indeed Being Fooled By Intense Agnotology by The Enemy of the United States of America Attempting Insurrection and Take Over of The Federal Government On January 6th, 2021 Washington DC. #Fact #Treason

He added: "But telling people who disagree with you that they are deluded and in a state of psychosis is essentially a device to silence them and a form of disrespect. It alienates and hence undermines an attempt at dialogue. It isn't an explanation of the problem; it is part of the problem."

#StopGangStalking

It is REAL and is MAINTAINED as a SYSTEM of INTENTIONAL ABUSE of CITIZENS of the UNITED STATES of AMERICA By Waging CYBERWARE Against TARGETED INDIVIDUALS! THOSE WHO CLAIM THEIR HOLD ON THIS FAKE/FALSE NARRATIVE MUST HAVE THEIR CONTENT REMOVED! AN UNCONDITIONAL DEMAND THAT IS UNDECLINABLE!
